## Leading the creative video revolution.

Font = Avenir Family  
Body text = Avenir Light, Avenir Roman  
Headings = **Avenir Medium, Avenir Heavy**

### High Definition or Standard Definition

DeckLink HD series capture cards help make the move to high definition affordable while still retaining compatibility with your current standard definition equipment. DeckLink HD cards let you instantly switches between high definition and standard definition video connections. DeckLink HD Pro and DeckLink HD Extreme cards connect to 270 Mb/s standard definition SDI equipment such as Digital Betacam™, as well as 1.485 Gb/s HD-SDI equipment such as HDCAM or HD-D5 all using the same card. Also connect to standard definition analog equipment such as Betacam SP decks or high definition HDV cameras and component monitors.
